## “Recognizing our REALTORS®”

Robyn Walker, GRI, e-PRO  
2008 President Elect

Women’s Council of REALTORS®, Saginaw Valley Chapter

Meet one of our members.....

Robyn Walker of AuGres has been with Coldwell Banker Pete Stanley and Associates for almost 5 years. She has a great working relationship with “the guys” and plans on being there for quite some time. She LOVES Tuesday morning meetings and home tours (just ask Denny!) Her future plans include staying active in real estate and pulling through these rough times. Eventually, she would love to teach classes in addition to her real estate activities. She has been a member of the Northeastern Michigan Board since June 2003.

Her business accomplishments include completing all GRI courses, completing and receiving the e-PRO designation, passing the associate broker exam, and is currently working on the PMN (Performance Management Network) designation. This is a required designation by the Women’s Council of REALTORS® (WCR) in order for her to become President and will also be useful when she is able to teach classes.

Robyn Walker, GRI, e-PRO

Currently serving as the 2008 President Elect for the WCR, Saginaw Valley Chapter will allow her to serve as President in 2009 (way to go Robyn!!). She also served as the Elections and Credentials Chair for the State Chapter WCR. Being involved in the WCR has led to great education scholarships and wonderful travel experiences such as Washington D.C. and Las Vegas for National.

Robyn has been married to Greg for almost 8 years. They have two daughters, Sydney (8) and Marlee (6). Their family also includes two dogs, Deuce, a one year old black lab, and Stoli Martini, a little Boston Terrier.

Other activities that keep her busy are working as the fundraising chair for the local AYSO, involvement in the local athletic boosters, and one of five responsible for the first ever AuGres Pirate Festival (mark your calendars....8/2/08!)

She loves the Detroit Lions and is proud to admit it! Robyn enjoys following the AuGres Sims Wolverine football team and supporting her husband who coaches at the varsity level. She relaxes by shopping, working out, and spending time with her family. With a music taste that is pretty eclectic, just about anything goes.

FNIS is reporting they are still working on the issue of connectivity to Paragon 4.  
Anticipated deployment of code changes is February 12th.
